

***Instructivo para la generación
de una cuenta en DynDns***

Ingresar a la siguiente página: <http://www.dyndns.com/>
Hacer click en el botón “Sign In”, seleccionar la opción “Create an Account”.

The screenshot shows the DynDNS.com website in Internet Explorer. The browser's address bar displays the URL: <http://www.dyndns.com/account/confirm/cYht2H9807dHTfs02652FQ>. The page title is "DynDNS.com - Account -- Confirm Transaction".

The website header features the DynDNS.com logo and a search bar. A navigation menu includes "DNS & Domains", "Email Services", and "Performance & Security". Below the header, a yellow bar contains links for "Why DynDNS.com?", "Services & Pricing", "Support", and "Have an account?". The "Have an account?" section includes "Join NOW" and "Sign In" buttons, with the "Sign In" button circled in red.

The main content area is titled "Account Confirmed". It states: "The account matiasro02 has been confirmed. You can now [login](#) and start using your account." Below this, a "Getting Started" section lists several links: "Surf without the sharks and browse the web faster with Internet Guide", "Create a dynamic DNS host with your own domain name", "Create a dynamic DNS host within our Free domains", "Setup email services", and "Register a domain name". A graphic titled "INTERNET GUIDE" with the text "SURE WITHOUT THE SHARKS" is displayed. In the bottom right of this graphic, a "Create an Account" link is circled in red.

On the right side, there is a login form with fields for "Username" and "Password", a "Log in" button, and links for "Forgot Your Password?" and "Create an Account".

The footer includes social media links for "Flickr Photo Channel", "YouTube Channel", "Twitter @dyninc", and "Newsletter RSS". The browser's status bar at the bottom shows "Internet | Modo protegido: activado" and "100%".

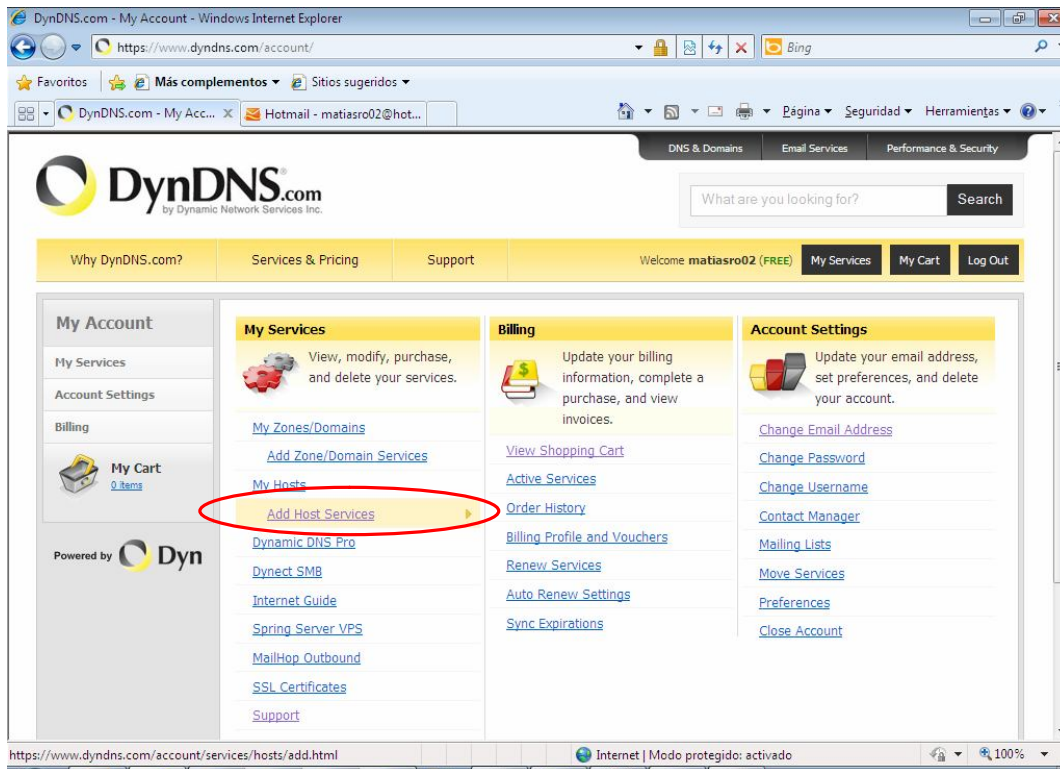

Aceptar los términos del contrato y cargar los datos requeridos, tener en cuenta que el campo **“Username”** y el campo **“Password”**, debe tener como máximo **10** caracteres.

Hacer click en **“Create Account”**, como en el ejemplo siguiente.

The screenshot shows a web browser window titled "Create DynDNS.com Account or Login - Mozilla Firefox 4.0 Beta 10". The address bar shows the URL "https://www.dyndns.com/account/entrance/". The page content includes a navigation menu with "Why DynDNS.com?", "Services & Pricing", and "Support". On the left, there is a "My Account" sidebar with links for "Create Account", "Login", "Lost Password?", and "My Cart". The main content area is titled "Create an account or log in to continue" and contains a registration form. The form fields are: Username (larconsia), Password (masked with dots), Confirm password (masked with dots), Email (larconsia@hotmail.com), Confirm Email (larconsia@hotmail.com), Security Image (a CAPTCHA image showing the numbers 1, 2, 6, 6, 4), and a text input for "Enter the numbers from the above image:" containing "12664". There are checkboxes for "Subscribe to" (DynDNS.com newsletter and Dyn Inc. press releases) and a checkbox for "I agree with the acceptable use policy (AUP) and privacy policy." A "Log in" button is present in a separate box for "Already Registered?". A "TRUSTe CERTIFIED PRIVACY" logo is also visible. The "Create Account" button at the bottom is circled in red. At the bottom of the page, there is a link for "contact us" for users having difficulty.

Luego de recibir el correo de suscripción, confirmar la misma.
Ingresar con el usuario y contraseña.

Configurar el Host, seleccionando la opción **"Add Host Services"**. Como lo muestra la siguiente figura.

Completar los datos, como en el siguiente ejemplo; tener en cuenta que el campo **“Hostname”** + **“dominio”** debe tener exactamente **24** caracteres, incluyendo puntos, guión bajo, etc. Ej.: **"relojgprs0001.dyndns.org"**
Hacer click en el botón **“Add to Cart”**

Use Dynamic DNS with your own domain name with [Custom DNS](#).

My Account

Add New Hostname 1 Host Services

You don't currently have a [Dynamic DNS Pro service](#) in your account.

To get the full benefits of Dynamic DNS, including premium subscriber domains and other features, [add Dynamic DNS Pro to your shopping cart](#) (or try it with \$1.99 [monthly subscription](#)).

Hostname: dyndns.org

Wildcard: create "*" [host.dyndns-yourdomain.com](#) alias (for example to use same settings for [www.host.dyndns-yourdomain.com](#))
only for DynDNS Pro users

Service Type: Host with IP address
 WebHop Redirect (URL forwarding service)
 Offline Hostname

IP Address:
[Your current location's IP address is 190.225.46.18](#)
TTL value is 60 seconds. [Edit TTL...](#)

Mail Routing: I have mail server with another name and would like to add MX hostname...
